

Minutes of the Meeting

A meeting of Departmental Academic Affairs Committee was held on 03/09/2019 at 10:30 a.m. in the office of HOD (Mech. Engg.) to deliberate on the application dated 13/08/2019 and moved by Molathoti Vinay Kumar (GME-1740881) with reference to the notice (Ref. No. SLIET/AS/4096 dated 06.08.19) and bearing a note of DR(Acad) for recommendation from DAAC therein.

The following observations have been made:

1. The applicant, Molathoti Vinay Kumar (GME-1740881) has to clear a total of seven subjects as mentioned in his application dated 13/08/2019. All these subjects belong to III semester as per applicable teaching scheme w.e.f. 2016.
2. Through above mentioned notice the applicant is advised to get registered in III semester with junior batch (2018 batch).
3. As the applicant belongs to 2017 batch the subject required to be cleared are not available in the teaching scheme for III semester of 2018 batch and hence, it becomes impracticable for him to be registered in III semester with junior batch.
4. If the problem is resolved for this semester, similar problem will persist in subsequent semesters for the applicant.
5. The submission, made further by the applicant through his application dated 03/09/2019 in response to some queries raised for further clarification in the meeting of DAAC, revealed that he (applicant) has to clear eight subjects in III semester and one subject each in I semester and IV semester.

Under this situation of the applicant and above all, study scheme (pursued by him- the applicant) being phased out, the Departmental Academic Affairs Committee feels that the norms for registration in V semester be relaxed enabling him to sail with his batch and clear his back log subjects in subsequent semesters subject to approval of the Senate.

The meeting ended with thanks to the Chair.

The applications of the student are attached with this and in original.

Supdt. (Academics)

As per record Mr. Molathoti Vinay Kumar, Regn. No. GME-1740881;

- Was admitted in degree 2017 through JEE Main.
- As per rule he has to register in 5th sem. III year.
- As per rule promotion to III year he has to earned 32 credits with 'D' or better grades in 1st year (only for JEE Main entrance students) and passed with 'D' or better grade at least 25 credits in II year (odd or even semester and make up examinations put together).
- The student earned 33 credit in (1st & 2nd sem.) 1st year and was required 32 credit.
- In (3rd & 4th sem) student earned 22 credit in 2nd year and was required 25 credits.
- Beside above the student having 'F' grade in subjects of 3rd sem. (attendance short) without repeating the course, Now, he will complete the attendance (copy of result is enclosed).

Facts as per above and decision of DAAC at 'X' above is submitted for consideration and further order please.

Minutes of the Meeting

A meeting of Departmental Academic Affairs Committee was held on 14/10/2019 at 12:30 p.m. and 22/10/2019 at 10:30 a.m. in the office of HOD (Mech. Engg.) to deliberate the application regarding permission for late registration in V semester for completion of M. Tech. thesis, and moved by Mr. Ranjan Kumar (Registration No. PGMSE/1750122).

The following observations have been made:

1. Mr Ranjan Kumar (Registration No. PGMSE/1750122) has been pursuing M. Tech. dissertation/thesis under the supervision of Mr. Rakesh Kumar, Associate Professor (Mech. Engg.).
2. The applicant reports that he had been ill and on bed rest for the period from 28.06.2019 to 30.08.2019 and the same is supported with medical documents.
3. The applicant came to institute campus and submitted his application dated 06/09/2019 for permission to get himself registered in the next (current) semester to carry out dissertation and complete his thesis. The application was received in academic section on 11/09/2019.
4. On 01/10/2019 the Associate Dean (Academic) sent back the file to HOD (ME) for recommendation of the guide concerned and DAAC (ME).
5. The comment given by the supervisor concerned and based on status report of the student sought from the Co-ordinator, PG Dissertation on 03.10.2019 at np -3 indicates that the supervisor has not taken interest in the supervision.
6. Further, the comments made by the supervisor at np-4 on 10.10.2019 (in response to the direction given by the HOD (ME) to facilitate the work) also do not seem to be proper. The committee is of the opinion that the supervisor is expected to clarify the progress of the work, and how much additional time is required.

In the light of above observations the opinion of the committee is as follows:

- (a) The applicant should have registered in time, if not he should have informed the institute authorities of his problem in time.
- (b) The supervisor must have also been in touch with the scholar and must have advised him to deposit the fee in time.

As it is a matter related to the career of the applicant, the DAAC recommends for grant of permission to the applicant for registration in the current semester so that he may complete his dissertation and submit his thesis.

The DAAC views the behaviour of the supervisor to be unhealthy and suggests the Head of Department to take necessary action for maintaining healthy academic environment. The supervisor in this case shall be asked to clarify the following:

1. The mid-term evaluation was carried out on 02/04/2019 and since then what effort was made by the supervisor to motivate/facilitate the scholar for expediting the work.
2. Why wasn't it reported by the supervisor that the student was ill and was taking treatment outside? Also, why the student was not advised to deposit the fee in time?
3. Why the supervisor is not aware of the progress of work being carried out by the scholar, and the file gets routed to the Co-ordinator, PG at np-3 on 03/10/2019?

The meeting ended with thanks to the Chair.

A meeting of DAAC was held on 14/10/2019 at 12:30 pm. and 22/10/2019 at 10:30 a.m. in the office of HOD (Mech. Engg) to deliberate the application regarding late registration in V semester for completion of M.Tech. thesis and moved by Mr. Ranjan Kumar (Registration No. PGMSE/1750122).

going through the facts of the application the DAAC is of the view that the applicant should have registered in time, if not, he should have informed the institute authorities of his problem in time and at least have deposited the fee in time for registration.

As the registration of the applicant couldn't be completed due to his illness and also, it is a matter related to the career of the applicant the DAAC recommends for grant of permission to the applicant for registration in the current semester so that he may complete his dissertation and submit his thesis.

Submitted for consideration of registration of the applicant, please.

Minutes of the Meeting

A meeting of DAAC was held in the office of HOD (Mech. Engg.) on 08/01/2020 to deliberate the case of Mr. Vinay Kumar Molathoti (Regn. No. 1740881) and in response to the note in line received from DR (Acad.) on 08/01/2020.

In this context a request was also sent to DR (Acad) to attend the same as a special invitee so that appropriate recommendation/ decision in the light of facts and in the interest of the student be made.

The student along with the class counselor was also called. The student also submitted a request afresh in the subject matter (the application in original, enclosed).

The DR (Academic) on his note dated 08.01.2020 has commented " - - - The course credit already earned with matching subjects be adjusted".

The DAAC is of the opinion that the adjustment of the credits earned by the student needs to be done by the officials of Academic Section. However, the mapping/matching of the subjects related to mechanical engineering is as under:

Subjects of 2018 scheme mapping (Approx) with that of 2017	Subjects of 2017 scheme	Remarks
ESME-401 (90%)	MET-411	
ESME-402 (90%)	MET-422	
ESME-403 (90%)	MEP-411	
ESME-404 (70%)	MET-425	MEP-423 <i>K.V.</i>
ESME-405 (90%)	WSP-422	<i>K.V.</i>
ESME-501 (70%)	MET-511	
PCME-511 (90%)	MET-512	
PCME-512 (90%)	MET-513, MET-524	
PCME-513 (90%)	MET-514, MET-522	
PCME-514 (100%)	MEP-512, MEP-511.	
PCME-515 (100%)	<i>Lg</i> MEP-514, MEP-522 . MEP-514	<i>K.V.</i>
PCME-521 (90%)	MET-521.	<i>K.V.</i>
PCME-522 (80%)	MET-525	
PCME-523 (90%)	MET-523	
PCME-524 (90%)	<i>Lg</i> MET-525	MEP-525 <i>K.V.</i>
PCME-525 (100%)	MEP-523 .	
PCME-526 (100%)	MEP-515 .	
PCME-527 (100%)	MEP-521.	

However, the mapping of subjects related to other departments may be sought from respective departments.

 08/1/2020

The DAAC went through the request of the student, and documents made available by the Academic Section. The matter was also discussed with Dr. Indraj Singh (class counselor) and Dr. Sunil Kumar (warden, BH 6). Both of them expressed their concern about the state of mind of the student. The committee is of the opinion that it would be in the interest of the student to allow him to continue study with his own batch, i.e. 2017 as a special case, as recommended in the previous meetings of the DAAC held on 03.09.2019 and 06.01.2020.

The meeting ended with thanks to the chair.

academics,

SET,

gawal,

Subject Requesting to allow me to study with my regular batch.

Respected Sir,

I am Vinay Kumar .M of GME-17H0881 student of SCET,

Due to health issues in last year I was unable to give my Exams, so that my credits are low.

So, I request you to allow me ~~with me~~ to take classes with my regular batch. and I ~~with~~ ^{will} complete my subjects.

Vinay Kumar
yours faithfully
M. VINAY KUMAR

Minutes of the Meeting

A meeting of Departmental Academic Affairs Committee was held on 06/01/2020 in the office of HOD (Mech. Engg.) to deliberate the paper regarding year back & matching of courses (subjects) already completed in old scheme (by Mr. Vinay Kumar Molathoti, Regn. No. 1740881) with new scheme and received from DR (Acad).

The following observations have been made:

1. The study scheme of 2017 batch (GME) and that of 2018 batch are entirely different. Hence, matching/mapping of subjects is not feasible.
2. It is not clear from the notice bearing Ref. No. SLIET/AS 4755 dated 19/11/19 whether the student has to continue with his junior batch-2018 from 3rd semester onwards or for 3rd semester only as the student has cleared almost 4th semester.

In the light of above observations DAAC is of the opinion that it would be in the interest of student to allow him to continue in his own batch i.e. 2017 batch as a special case and clear back log subjects of 5th semester under self-study mode and those of 1st, 3rd and 4th semesters through retest as the study scheme of 2017 batch, being not applicable for junior batch 2018 onwards, is phased out and which may invite other complexities.

The meeting ended with thanks to the Chair.

Minutes of the Meeting

A meeting of Departmental Academic Affairs Committee was held on 20/01/2020 in the office of HOD (Mech. Engg.) to deliberate the application, ^(enclosed in original) regarding class of repeat subject, 'Safety in Welding (ME-527)' and submitted by Mr. Hardeep Singh (Regn. No. 1830620, 2017 batch).

The following observations have been made:

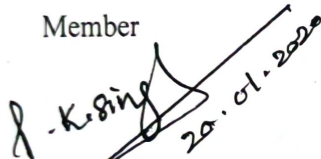

1. Mr. Hardeep Singh (Regn. No. 1830620, 2017 batch GWT) filled in application form for repeat in the subject 'Safety in Welding (MET-527)'.
2. The subject 'Safety in Welding (MET-527)' is not available in study scheme of 2018 batch (GWT) as the study scheme of 2018 batch is changed one.

In the light of above observations DAAC is of the opinion that the applicant, Mr. Hardeep Singh (Regn. No. 1830620, 2017 batch) be allowed to undergo his study in this subject 'Safety in Welding (MET-527)' under self-study mode and his examination/evaluation in the subject be carried out by Dr. M. Majid, Assistant Professor of the Department.

The meeting ended with thanks to the Chair.

Subject - regarding classes for repeat subject.

Sir

I beg to say that I am student of degree in your department, I had filled the repeat of a subject safety in welding (MET-527), but the subject is not allotted to the students of 2K18 batch during this ~~student~~ semester. So

I am unable to attend classes. It's my humble request please make solution for my this problem. I shall be very thank ful for your act of kindness.

Yours sincerely
