

## Minutes of the DAAC (ME)

A meeting of DAAC(ME) was held on 05.07.2022 at 11:AM in the office of HOD(ME) to discuss the cases of two students of UG 2018 batch (final Year) who have requested to opt for summer term courses. These students have requested to opt for subject as detailed below :

S. No.	Name and Reg. No.	Subject Name	Subject code
1	Mr. Vikash Kumar, GWT-1840373	Work study and Ergonomics	PEE-722 D
2	Mr. Navdeep Singh, GWT-1933053	Sensors and Transducers	OEEE-711B

The DAAC examined the case of these students and observed that both of these students do not directly qualify to be considered for summer term in accordance with UG academic rules, Rule No. 20.3 b, as these students did not register for these courses during the regular semester when offered. The DAAC has further considered their case and is of the view that there might have been some errors while opting for registration of these courses, as the entire 8<sup>th</sup> semester of UG18 batch was offered in the online mode,

In view of the above-mentioned facts these students may be given a chance to opt for summer term to enable them to complete their UG degree without further delay.

Subject - Allow me to opt my optional subject in  
Summer term

Respected Sir,

I am Navdeep Singh (GWT/1933053) Mechanical  
Engineering student in your college. In 7th Sem,  
By mistake I filled the wrong non-departmental  
open elective Subject. I sincerely apologize for that.  
I request to opt optional subject (OEEE-711B)  
Sensors and Transducers in summer term so I can  
complete my study within time to save my precious  
time. I will be very grateful for this

Yours sincerely  
Navdeep Singh

Forwarded for consideration

Dated: 4<sup>th</sup> July 2022 (Monday)

Subject: Permission to seek clearance to allow for undertaking coursework in summer term

Respected Sir,

My name is Vikash Kumar GWT/1840373. I would like to most humbly state that during the registration of final semester (8<sup>th</sup> Semester), I chose Energy Auditing (PEME-722A) as my professional elective course, but since I was the only one choosing that coursework, failing to fulfill the minimum required number of students to take up, the department dropped that course. However, me and my whole family was critically ill due to COVID-19. Thus, I was not able to follow up the on goings.

I wish to seek your clearance to allow me to undertake the following subject in the summer term so that I can complete my bachelor's degree in the current year only.

Work Study and Ergonomics (PEME-722D)

I will be really thankful to you.

I assure you that I will maintain the dignity and will complete this coursework in stipulated time through self-study mode.

Thanking you in anticipation

Yours Truly  
Vikash Kumar  
GWT 1840373

Honourable Sir,

Most Humbly and respectfully I Want to state that **all our group member got C+ in major project (PRME-721) despite modification and extracting resources from mtech level Books**. Our Project is on **Design of Helical Gear** whose pdf has been attached. We have received a score of in the range 35-38 out of 50 in Internal Assessment by our Guide but overall we only made 50+ (C+)

Please review our project and direct to upgrade our grade a little bit, as C+ would impact our overall Cgpa and put bad impression on recruiters and job offers. Two of us have been preparing for gre, and poor grade sheet would be rejected by foreign universities very quickly. **Divest Bhatti Sir (8894251814) is our Examinee**

Please Sir A give your precious time on this matter.

Yours Faithfully  
 Abhirup Gautam (1840302)  
 Neeraj Nagar (1840310)  
 Guruvet Singh (1840317)  
 (GME,18(A))

URGENT: Pl. look into the request of these students, examine & comment.
