

Subject: Seeking an approval for conducting an online faculty development program entitled 'OBE implementation: A step towards excellence' under the banner of 'Margdarshan-2019'

Outcome-based Education (OBE) has become mandatory for the institutions as it is a central feature in the accreditation of engineering degrees offered by institutions of higher learning worldwide. Adopting the OBE system advocates a shift from traditional practises to a focus on the students' achievement in high order learning and cognitive thinking skills. The implementation of OBE system includes the restructuring of the educational programme, courses, curriculum, assessment, and reporting systems.

Following Committee propose to organise faculty development program entitled 'OBE implementation: A step towards excellence during 19th -24th October, 2020'. The proposed course under the banner of 'Margdarshan-2019' will be highly beneficial for the development of faculties of the institutions affiliated to Margdarshan Scheme to uplift their parent institutes in terms of improving clarity of focus, expanded opportunities and better overall grooming of the students.
