

MINUTES OF MEETING (DAAC)

A meeting of the Departmental Academic Affairs Committee (DAAC), Department of Mechanical Engineering, was held on 01.09.2026 at 11:30 AM in the office of the HOD (ME) to discuss the request received from Ms. Akriti Kumari, Regn. No. 2316116, DME-CAC, who has been re-registered in the 5th Semester along with the ICD-2024 batch.

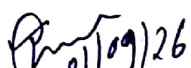

Due to the restructuring of the Study Scheme of the ICD-2024 batch, there is a variation in the subjects/syllabi as compared to those of the ICD-2023 batch. Therefore, it was proposed that the following subjects be offered to the student on a Self-Study basis during the current semester (July–December 2026) under the guidance of the respective faculty members:

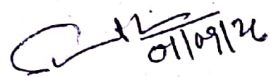

Sr. No.	Sub. Code	Subject Name	Concerned Teacher
1.	ME-311	Power Plant Engineering	Dr. Paramjeet Shakya, Guest Faculty (ME)
2.	ME-312	Theory of Machines	Er. Divesh Bharti, AP (ME)
3.	ME-313	Fluid Mechanics	Dr. Anuj Bansal, AP (ME)
4.	ME-314	Production Management	Dr. Sumit Kumar, AP (ME)
5.	ME-315	Strength of Materials	Dr. Surinder Kumar, AP (ME)
6.	ME-316	Industrial Engineering	Dr. Sumit Kumar, AP (ME)

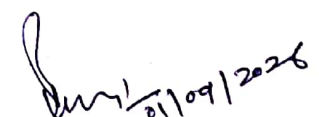

The matter was discussed in detail in the DAAC meeting. After due deliberation, the Committee members recommended that the above-mentioned subjects be offered to the student on a Self-Study basis during the current semester (July–December 2026) under the guidance of the respective faculty members.

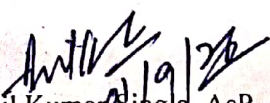

The concerned faculty members shall provide the necessary academic guidance to the student and prepare and submit the results/assessment of the respective subjects as per the applicable academic requirements.

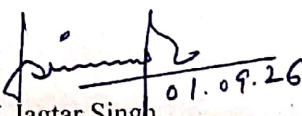

DAAC (Mech. Engg. Department) Members:

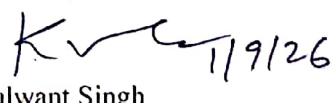

Dr. Tejinder Pal Singh,
AP (Contractual), Member

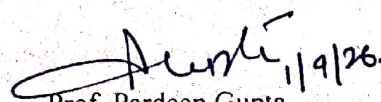

Dr. Sumit Kumar, AP
