

Subject: Development of study material and question bank of PCME 521 and lab manuals PEME 814 B.

With the objective of promoting academic improvement and enhancing the quality of course content being delivered to the P.G. and U.G. students of the Department of Mechanical Engineering, SLIET, Longowal, the undersigned has prepared the following documents.

- X/
- 1- Lab manual of PEME-814 B (Physical Metallurgy Lab). **Annexure-A**
 - 2- Study material and question bank of PCME-521 (Physical Metallurgy) containing 50 MCQs, 30 short answer questions, and 20 descriptive-type questions. **Annexure-B**

In this regard, meetings of the DAAC (M.E.) were held on 13.08.2026 and 01.09.2026, during which the matter was discussed in detail and various suggestions were deliberated upon by the committee.

All the suggestions and recommendations provided by the DAAC (M.E.) have been duly incorporated into the aforementioned documents. The soft copy of the revised documents has also been forwarded to the H.O.D. (M.E.) through email for further necessary action.

Submitted for further necessary action, please.
